WHO WE ARE

The members of Mums at Work (MAW) are female professionals who, like you, understand the importance of lifting one another up for success.

When you join MAW, you instantly form connections with other motivated women who want to see you achieve your goals. MAW's membership is as diverse as the women, including business owners, partners, entrepreneurs, key decision makers, business-to-business representatives, and female professionals.

They are committed to taking their business to the next level, are driven by achievement, and know that networking is one of the most cost-effective ways to generate new business.
